

STORMFRONT PRODUCTIONS TESTIMONALS:

BRAND SOUTH AUSTRALIA:

"The benefits of Stormfront Productions' work in the area of performing arts are far reaching. Not only do they provide opportunity for the community to enjoy their performing arts, they train and encourage young community members to be able to share their art. The company's contribution to the Whyalla "Carols in the Park" event shows community spirit and offers another vehicle for artists to express themselves – and the introduction of Stormfront Productions' recording studio is a first for the region and provides another avenue of expression for the region's aspiring performing artists."

TERISSA SHEPHERD – SAMARITAN COLLEGE PRINCIPAL:

"Alison Hams & Mark Tempany have been contracted as private music tutors to Samaritan College since 2004. In that time they have made a positive impact on the life of the College with their generous and always positive contribution to the Arts. They have so naturally developed a positive rapport with our young people and their families and go beyond the call of duty in terms of pastoral support of our students - particularly those working seriously towards careers in music.

They significantly contribute to our school community through providing and assisting with entertainment, supporting their students in showcasing their talents and in being present at many of our functions in a generous way. At all times they work interdependently and as a team in sharing their skills to the highest standards, showing outstanding commitment & inspiration to, and support of, our students' musical aspirations."

MAYOR OF WHYALLA The Hon. (late) Mr. JIM POLLOCK:

"Stormfront Productions has been actively involved in the Whyalla music scene for a number of years. During this time Alison and Mark have made a positive impact on many individuals, groups and on general community involvement in music locally.

Their dedication to music and their expertise in this field has been translated into the wider community through their involvement and leadership in such major events as the annual 'Carols in the Park' and in smaller events such as workshops involving the Whyalla City Council and Youth Central.

Alison and Mark have demonstrated their ability and dedication to constantly improve their coaching prowess and expand the service they provide to the City of Whyalla and other regional centres."

ANTHONY STEWART - Touring & Recording Artist, Owner of RED BRICK RECORDING STUDIOS (Adelaide):

"Mark & Alison are committed musicians with a love for music, working with young people in their development of skills, self-esteem and enjoyment of music. I have been directly involved in a range of events and performances with Mark & Ali. At all times very professional in their approach.

Stormfront Productions has been involved in nurturing and fostering music with young people. I have seen them encouraging young people as they provide them with skills, but also promote their self-esteem to 'have a go' and above all to enjoy their music."

TAMARRA WELLMAN - Master of Management (Arts) UniSA/Concordia University Canada. Owner of Tamwel Arts Consultancy (Adelaide):

"My association with Alison Hams spans 16 years, ranging from judge, tutor, mentor and friend.

I first knew Alison as a judge and performer at the South Australian Country Music Festival and Awards. As a performer Alison helped strengthen my qualities as a country music singer, tutoring me in voice, diction, guitar and performance during 2003 and 2004. Unbeknownst to me I would go on to win over fifty trophies for my singing and be selected as one of the twenty graduates at the CMAA Australian College of Country Music in 2005.

As I progressed with my music, Alison was always willing to give advice and often provide columns for our Country Music magazine and give development workshops at Junior Country Crossover - a group coordinated and designed to engage young talent in South Australia.

Alison has been instrumental to my love and dedication to the South Australian Music Industry. Her assistance and encouragement has helped me believe in myself and strive for challenge. This is demonstrated through my four years of managing the South Australian Council for Country Music and Junior Country Crossover, and completing a Master of Arts and Cultural Management in Canada. I now own my own business assisting and developing musicians and organisations, something I have in part to thank Alison for.

It's now a pleasure to have Mark Tempany and Alison Hams involved in Events and Festivals I organise. Their skills and expertise in performance development go hand in hand with the way they can relate and engage with these kids and young adults to produce fantastic results in just one day. They also have extensive resources to go well beyond the call of duty of instrumental music lessons including mentoring, production and recording facilities. I highly recommend Stormfront Productions.

** Both my daughters have been involved with Stormfront Productions for 6 years. Over the years Mark and Alison have encouraged and supported my girls - from singing to playing guitar to building their confidence to perform on stage. I would definitely recommend Stormfront Productions to anyone looking at learning any form of music. - Cathy*

*** I totally recommend Stormfront Productions for anyone interested in Music.**

Mark and Alison go above and beyond to help their students strive for their goals and dreams. I attended Stormfront for 6 years (before moving for Uni) and went from being shy to confidently singing on stage as a performer.

In year 12, Mark and Alison mentored me with my major assignment recording a demo CD. They spent over 20 hours recording the song in their studio with me and teaching me how to mix the song and design a CD and all this was done free of charge!! They cared enough about me and my music to **give up countless hours of their personal time**. If you are looking for teachers who **not only care about music but you personally** you can't go past Stormfront. - Jenna

** I was a student of Mark and Ali's for a number of years, driving over 150km for fortnightly lessons. Mark and Ali are not only amazing teachers but amazing people, who have helped and encouraged me to develop my musical and performance skills, which boosted my confidence and has led me to achieving so many other things in life.*

I had so much fun performing in events & Mark & Ali also encouraged me to compete in an Eisteddfod, in which I was awarded first place for my age group. I would 100% recommend Stormfront Productions to anyone, particularly young people, who want to enhance their musical skills as well as learning valuable life skills. - Dayna

** The greatest pleasure is our little girl being less shy to sing at home, and we all enjoy listening to her. Thankyou Alison, sometimes we need great people to make a difference in our lives. - Maxie*

** I truly know that the kids love and enjoy each lesson you give them. Thanks so much for your support and advice and belief in them. As a parent I appreciate it more than words could ever express. - Jo*

** It's been fantastic! Thank you both. My daughter loves you guys as much as the music! x -Fiona*

** Mark, not only have you taught us the techniques of singing, but you've given us the confidence to show it. You are more than "just" our teacher. You have always listened and been our own personal counsellor, giving us advice (and a laugh) when we need it. Most importantly you have ALWAYS been a friend. You and Alison do so much for us and we will NEVER take that for granted. - Rhiannon & Alicia*
